Everest Group’s RPO research is based on three key sources of proprietary information

1. Everest Group’s proprietary database of over 2,000 RPO deals (updated annually)
   - The database tracks the following elements of each RPO deal:
     - Buyer details including industry, location, and signing region
     - Deal details including ACV, term, start date, hires managed, primary pricing structure, process coverage, and geographic coverage (at country level)
     - Technology ownership and maintenance
     - Global sourcing

2. Everest Group’s proprietary database of operational capability of 18 RPO service providers (updated annually)
   - The database tracks the following capability elements for each service provider:
     - RPO clients, revenue, service suite, and employees
     - Recent RPO-related developments (investments and partnerships)
     - RPO clients split by geography, industry, scope, and buyer size
     - RPO hires split by geography, source of hires, and type of hires
     - RPO delivery locations and level of offshoring

3. Ongoing buyer surveys and interactions
   - Everest Group’s executive interviews and data collection from RPO buyers
   - The data contains the following detailed buyer perspectives about RPO deals:
     - Drivers for adopting RPO and buyer-provider relationships
     - The level of buyer satisfaction and the underlying reasons

The analyses in this report are presented at two levels:
- Overall market analysis that highlights the market composition/dynamics
- The current market trends based on deal activities in the last five years
The sample size varies for different analyses based on the deal detail availability.

Confidentiality: Everest Group takes its confidentiality pledge very seriously. Any contract-specific information collected, is presented back to the industry only in an aggregated fashion.

Additional RPO research recommendations

The following documents are recommended for additional insight into the topic covered in this research. The recommended documents either provide additional details or complementary content that may be of interest

1. Recruitment Process Outsourcing – Service Provider Landscape with PEAK Matrix™ Assessment 2017 (EGR-2017-3-R-2131); The global RPO market witnessed good traction in 2017 with over 200 new contracts signed. The market in North America showed an uptick as compared to last year and the market in Asia Pacific continued to exhibit strong growth. Last year, especially, saw a lot of M&A (Mergers & Acquisitions) activity in the RPO market. As the market is becoming more competitive, service providers are taking the inorganic route to strengthen their capabilities in different geographies, industries, or recruitment technology

2. Enterprise Total Talent Acquisition (ETTA) – The Future-Ready Talent Approach (EGR-2017-3-V-2148); This research report describes in detail the concept of Enterprise Total Talent Acquisition (ETTA), and highlights the drivers, challenges, and the financial & business benefits of adopting such an approach. It also suggests various models and methods that the buyers and service providers should leverage to effectively implement this approach.

3. RPO 3.0 – Paradigm Shift in RPO Value Proposition (EGR-2016-3-V-2116); RPO is transitioning to the next phase of its evolution – RPO 3.0. This will enable organizations to create real strategic impact from RPO in these times of revolutionary transition. This report discusses the global shifts and their impact on the workforce, imperatives for the talent acquisition organization, the emergence of RPO 3.0, how it differs from the earlier generations of RPO, as well as challenges & best practices in realizing RPO 3.0
