Overview and methodology of the research

Overview of the research

Everest Group's Next wave location profiles provide crisp, yet insightful assessment of emerging / "next-wave" countries or cities for services delivery. These reports help global sourcing practitioners or location strategy professionals stay ahead of competition in understanding global sourcing opportunities in "next-wave" locations.

These reports offer perspectives on:

- Global sourcing profile (e.g., functions supported, market activity) of the location
- Opportunities for enterprises and service providers
- Key drivers and challenges for global sourcing industry
- Overview of talent availability and operating costs (including wage inflation and attrition)
- Key environment risks (e.g., geopolitical, macroeconomic, safety)

The methodology of these reports includes:

- Proprietary tracking and databases on operating costs, labor pool, market activity, and risks
- Year-round tracking of 180+ locations around the world
- Coverage across all offshore, nearshore, and onshore locations across regions (APAC, Europe, North America, LATAM, Africa)
- Over 100 global projects on supporting clients on location decisions
- Executive-level relationships with buyers, service providers, technology providers, and industry associations

This study provides perspectives on key aspects of the global sourcing market in the location; below are four charts to illustrate the coverage of the report
