System Integration (SI) Capabilities on Microsoft Azure Provider Compendium 2022

September 2022: Complimentary Abstract / Table of Contents

EGR-2022-29-CA-5450

Our research offerings

This report is included in the following research program(s):

Cloud and Infrastructure

- Application Services
- Banking and Financial Services Business Process
- Banking and Financial Services Information Technology
- Catalyst™
- Clinical Development Technology
- Cloud and Infrastructure
- Contingent Staffing
- Contingent Workforce Management
- Conversational AI
- Customer Experience Management Services
- CX Excellence
- Cybersecurity
- Data and Analytics
- Digital Adoption Platforms (DAP)
- Digital Engineering Services
- Digital Services
- Digital Workplace
- Employee Experience Management (EXM) Platforms
- Employer of Record (EOR)
- Engineering Services
- Enterprise Platform Services

- Exponential Technologies
- Finance and Accounting
- Financial Services Technology (FinTech)
- Global Business Services
- Healthcare Business Process
- Healthcare Information Technology
- Human Resources Outsourcing
- Insurance Business Process
- Insurance Information Technology
- Insurance Technology (InsurTech)
- Insurance Third-Party Administration (TPA) Services
- Intelligent Document Processing (IDP)
- Interactive Experience (IX) Services
- IT Services Executive Insights™
- Life Sciences Business Process
- Life Sciences Commercial Technologies
- Life Sciences Information Technology
- Locations Insider™
- Marketing Services
- Market Vista™
- Mortgage Operations

- Multi-country Payroll
- Network Services and 5G
- Outsourcing Excellence
- Pricing Analytics as a Service
- Process Mining
- Procurement
- Recruitment
- Retirement Technologies
- Revenue Cycle Management
- Rewards and Recognition
- Service Optimization Technologies
- Software Product Engineering Services
- Supply Chain Management (SCM) Services
- Sustainability Technology and Services
- Talent Excellence GBS
- Talent Excellence ITS
- Technology Skills and Talent
- Trust and Safety
- Work at Home Agent (WAHA) Customer Experience Management (CXM)

Background of the research

Enterprise adoption of the public cloud is on an accelerated growth trend. The public cloud market is experiencing a proliferation of services offered by hyperscalers and a corresponding increase in investments made by System Integrators (SIs) in their hyperscaler-specific cloud services and solution portfolio. Azure continues to enjoy significant enterprise mindshare and is experiencing increased adoption as the preferred public cloud partner, rapidly closing the gap with AWS.

With more and more enterprises embarking on their public cloud migration journey, integrated delivery and effective management of integrated capabilities across core infrastructure, cloud application, and data on the cloud have become crucial. Enterprises are looking for strong system integration capabilities across the entire life cycle of the cloud journey covering consulting, infrastructure design/build, cloud modernization, and cloud operation services for the individual hyperscaler portfolio segments.

SIs are investing in an industry cloud-focused joint go-to-market approach, Azure-specific organization structure, Azure-focused solutions and IPs, and co-innovation activities to cater to enterprise demands. There has been an uptick in both organic and inorganic investments by SIs to attain Azure accreditations and competencies.

In this research, we present the assessment and detailed profiles of 31 SIs featured on the System Integration Capabilities on Microsoft Azure PEAK Matrix® Assessment 2022. The assessment is based on Everest Group's annual RFI process for the calendar year 2022, interactions with leading SIs, client reference checks, and an ongoing analysis of the Azure services market.

This report includes the profiles of the following 31 leading Microsoft Azure SIs featured on the Microsoft Azure PEAK Matrix:

- **Leaders:** Accenture, Capgemini, Cognizant, DXC Technology, HCL Technologies, Infosys, TCS, and Wipro
- **Major Contenders:** Brillio, Deloitte, EPAM, GFT, IBM, Infogain, LTI, Microland, Mindtree, Mphasis, NTT DATA, Orange Business Services, Persistent Systems, Rackspace Technology, Sopra Steria, Tech Mahindra, UST, and Virtusa
- **Aspirants:** Aspire Systems, GAVS Technologies, Jade Global, Tavant, and Xebia

Everest Group®

With you on the journey

Everest Group is a research firm focused on strategic IT, business services, engineering services, and sourcing. Our research also covers the technologies that power those processes and functions and the related talent trends and strategies. Our clients include leading global companies, service and technology providers, and investors. Clients use our services to guide their journeys to maximize operational and financial performance, transform experiences, and realize high-impact business outcomes. Details and in-depth content are available at **www.everestgrp.com**.
