Introduction

Revenue Cycle Management (RCM) platforms facilitate the management of administrative and clinical functions such as claims processing, payment, and revenue generation. RCM providers are evaluated by IT infrastructure and the technical support they provide. End-to-end, one-stop RCM solutions are becoming common and appeal to many revenue cycle managers as more providers try to consolidate RCM providers. There is a significant increase in investment in end-to-end RCM solutions and integration of AI/ML in patient engagement, claim management, denial management, and accounts receivable management solutions. Everest Group’s healthcare IT services research program evaluates the RCM provider capabilities and their impact on the healthcare provider market.

In this research, we present an assessment and detailed profiles of 15 technology providers featured on the Revenue Cycle Management (RCM) products PEAK Matrix®. Each provider profile presents a comprehensive picture of its product focus, key Intellectual Property (IP) / solutions, domain investments, and case studies. The assessment is based on Everest Group’s annual RFI process for calendar year 2022, interactions with leading RCM providers, client reference checks, and an ongoing analysis of the RCM product market.

This report includes the profiles of the following 15 leading RCM providers featured on the [Revenue Cycle Management Platforms PEAK Matrix® Assessment 2023](#):

- **Leaders:** Cognizant, FinThrive, and Optum
- **Major Contenders:** Allscripts, Athenahealth, Change Healthcare, Conifer, Epic, Experian Health, Omega Healthcare, R1 RCM, SSI Group, and Waystar
- **Aspirants:** Availity and NextGen

Provider 1 | RCM platform profile (page 5 of 5) Everest Group assessment – Major Contender

Measure of capability: Low High

Strengths

- Engaging with fee for value models, and value-based reimbursement models helps the company gain client confidence.
- Strategic acquisitions including acquisition of XYZ helped to enhance Provider 1's service portfolio and expand its presence in physician practices and Independent Practice Associations (IPAs) market.
- There are ongoing benefits anticipated from revamped commercialization efforts, new sales talent and technology, and a focus on point solutions.
- Being a subsidiary of XYZ Healthcare, in-depth understanding of the healthcare continuum provides Provider 1 with a distinct edge over its competitors.

Limitations

- Clients cited regular communication, quick response, and coordination on ongoing engagements as areas of improvement.
- It should expand its offerings beyond the large players to diversify its portfolio.
